

It was time to vote in Zone 7!

The spring zone 7 LGAA and zone 4 ARMAA meeting took place in High Prairie on May 6<sup>th</sup>. This joint meeting was time to catch up on what is new with the departments of transportation, environment and municipal affairs. The cities of Edmonton and Grande Prairie shared their expertise and knowledge of automated voting machines and over lunch all were able to join the fun and do a hands-on trial of the machines. Municipal Affairs did a presentation on the internship program with the Town of Falher sharing their experience of having an intern this past year.

We wrapped up the day with the LGAA and ARMAA zone reports and a roundtable discussion on what is happening in our communities and the “boom” of oil and gas activities here in the north. Zone 7 elected a new director – congratulations to Farrell O’Malley of Fox Creek.

Thanks to the Town of High Prairie and the M.D. of Big Lakes for hosting the day and the incredible lunch! The spring meeting is scheduled for October 21, 2005.
